OUR ACADEMY

The ACADEMY OF DENTISTRY is a stable, continuing organization, which since 1889 has launched various programs as the need for them arose. Its facilities will be here to tackle future, yet unknown, needs of Dentistry and the Community.

Some of the things it provides for us:

1. Elected officers who represent the Component Societies.
2. PUBLIC RELATIONS, a secretary to answer the public's complaints.
3. After hours EMERGENCY TREATMENT service for the public.
4. A LADIES AUXILIARY which undertakes worthy dental projects.
5. The annual YEAR BOOK, a directory of dental organizations.
6. Assistance in forming new specialty Study Groups.
7. A Clearing House of Component Society and social functions.
8. Liaison with CIVIC GOVERNMENT officials.
9. Financial support for dental causes.
10. Archives for historical dental information.
11. Communication with dental auxiliary organizations.
12. A means of honouring and recognizing outstanding dentists.
13. DENTAL MEETINGS with excellent clinicians.
14. MEDIATION of the public's complaints.
15. Co-ordination of the total dental effort in Metro.

The proper discharge of our professional obligations to the citizens of Metropolitan Toronto would be extremely difficult if the Academy did not exist.

DR. MIET A. KAMIŃSKI

This year's president was born in Winnipeg in 1915 and completed high school in Vancouver, B.C. He served with the R.C.A.F. during the Second World War. He is a graduate of the Faculty of Dentistry, University of Toronto Class of 1951 and conducts a general practice in Scarborough.

Dr. Kamiński is an Associate in Dentistry at the Dental Faculty. He was a Governor of the O.D.A. in 1967-69 and chairman of the Auxiliary Services Committee of the O.D.A. He was a member of the Federal Government Ad Hoc Committee on Dental Auxiliaries under the chairmanship of Chief Justice D. Wells. He holds an appointment on the dental staff of the Scarborough General Hospital and is a past president of the Crown and Bridge Study Club.

Our president has been a member of the Fédération Dentaire Internationale for many years. He has helped organize and personally conducted a number of groups traveling to International Dental Conventions. He enjoys travel, gardening and is an avid philatelist.

President's Foreword

The Toronto Dental Society came into existence in 1889. It enjoyed an honourable and useful life to 1922. In that year it was replaced by the newly organized ACADEMY OF DENTISTRY, Toronto. It is my pleasure to invite you to participate in the forty-ninth session of the Academy during 1971-72. This Year Book will help you to keep abreast of dental events in Metro, keep it handy.

The past year has been marked by a closer relationship of Council and the Executives of the four Component Societies and the Study Groups. The Metro Dental Coordinating Committee was formed to foster this liaison between the various organized dental groups of our City.

Council has been forced, after a great deal of deliberation, to forego the Annual Opening Dinner. Traditionally, this function has opened the new Academy season and goes back to the very early years of the organization. However, skyrocketing costs have made it just too costly to continue subsidizing this dinner.

Make a note to enjoy a day on the golf course during our annual tournament early in October. The Dinner Dance will be held at the Lambton Golf and Country Club. This will be a gala event, don't miss it.

Your Academy ran very successful tours to the Fédération Dentaire Internationale Congresses in Cologne—1962 and Paris—1967. Next year Mexico City hosts the convention. We will again organize a group to attend the F.D.I. convention, watch for details.

The First Stated Meeting in January, brings Dr. Worth to us. This world famous radiologist needs no introduction to our members. Base Borden will be the venue of the Second Stated Meeting. Many of our members have participated in all of the previous visits to the Armed Forces Dental School. The winter Clinic program, under the chairmanship of Don McKee, has several innovations which are sure to bring record-breaking attendance.

The Academy and the Component Societies function only for YOUR benefit — support them with your attendance. An aware, participating membership is the only way to make a strong dental profession.

M. A. KAMIENSKI,

President

HONORARY LIFE MEMBERSHIP

STEWART ALEXANDER MacGREGOR, D.D.S.

Dr. MacGregor — better known as “Sandy” — was born in Pakenham, Ontario, and had his early schooling there and in Arnprior. In 1926 he entered the University of Toronto, graduating with his D.D.S. in 1931.

He opened his practice in Toronto at Lawrence Ave. and Yonge St. and immediately began to make his presence

felt in organized Dentistry, becoming President of the North Toronto Dental Society in 1937, and President of the Academy in 1941-42.

The whole emphasis of his career has been the provision of better Dentistry for children. To this end he entered the Dept. of Paedodontics at the Faculty of Dentistry in 1943 and almost single-handedly built it into one of the finest anywhere. At the same time he served on the dental staff of the Hospital for Sick Children, being Chief of Dental Services from 1951 to 1967.

He has had a close association with The Canadian Red Cross over a long period of time, both as a member of the executive of the Ontario Division, and as Chairman of the Junior Red Cross Dental Committee. Through this association he was able to raise funds for a maxillo-facial clinic at the Hospital for Sick Children. In addition, through his influence, The Red Cross was persuaded to establish a chair in Dental Public Health at the Faculty of Dentistry.

He has engaged in widespread activities in promotion of his particular fields of interest, Dentistry for children and Dental Public Health. His lecturing commitments have taken him from coast to coast in Canada and the United States, and to England. He easily qualifies as one of Canada's best known dentists.

Many honours have come his way over the years. He is an honorary life member of the Ontario Dental Association, The Canadian Society of Dentistry for Children and The Milwaukee Dental Forum, and has been the recipient of honorary degrees in Dentistry. In 1967 he was awarded Canada's Centennial Medal in recognition of his services to the country.

Along with all this, he has conducted a busy practice which, since 1937, has been limited to children. He is still to be found at Lawrence and Yonge where he began 40 years ago.

His interest in Dentistry has not prevented him from involvement in other community activities. He has served as President of The Lawrence Park Collegiate Home & School Association and The York Mills Heights Ratepayers Association. In the latter capacity he led a committee which was instrumental in having the North Yonge subway extension re-routed, thus preventing the destruction of a large number of homes in the area of City Limits.

He was married in 1932 to Jean Kathleen Craigmyle and is the father of two children. His avocations include oil painting, rug hooking, and gardening.

FIRST STATED MEETING

L.D.S.R.C.S.(Eng.)

Topic:

**“Interpretation of Dental
Radiographs as it Concerns
the Practicing Dentist”**

Synopsis: Variations within the normal and abnormalities as they may concern the General Practitioner. This will include radiolucencies at the apices of teeth, radiopacities and variations in the structural pattern of the supporting bone. Some of the important less common conditions will be considered including those of serious significance to patient and dentist. Opportunity for informal discussion will be available throughout the presentation.

BIOGRAPHY

Dr. Worth graduated in Medicine and Dentistry at Guy's Hospital, London, England. He has received many Degrees and Diplomas including Fellow of the Royal College of Physicians of Canada and Fellow (Honorary) of the Royal College of Dentists of Canada.

Dr. Worth has practiced Medical Radiology, although he has had and still retains a keen interest in Oral Radiology.

For over fifty years Dr. Worth has been attached to one or more dental schools as both educator and researcher. He has published many scientific papers and is the author of the textbook, "The Practice and Principles of Oral Radiologic Interpretation."

SECRETARY'S REPORT — 1970-71

Dr. Wilf McColeman, President of the Academy, gave able direction during the year to all of its many activities.

The Academy year opened with the golf tournament at the Cedarbrae Golf and Country Club — an excellent day of golf under the Chairmanship of Dr. George Stirling.

The Dinner-Dance was held at the Inn-on-the-Park and in spite of the change in location, there was no appreciable increase in attendance.

The Winter Clinic Committee under the Chairmanship of Dr. Miet Kamienski did an excellent job with an attendance of 805 dentists. Dr. Wm. J. Spence, President of the C.D.A., was the Luncheon speaker.

There were two Stated Meetings, one with Dr. J. Schweitzer and the Academy Day at Base Borden. The Borden meeting was a huge success and will be repeated next year.

The Curling Bonspiel, under Dr. George Stirling, was again extremely successful.

The various committees and functions of the Academy are carried on by members who devote a lot of time and effort to making the Academy a success. Special thanks go to them.

The Academy of Dentistry Student prize for the Faculty of Dentistry, University of Toronto was won by M. B. Vodrey.

Mr. Ian Hannah, as usual, is to be commended on looking after the Dental Nurses' and Assistants' Registry which is extremely helpful to all Academy members.

Mrs. W. Durham deserves special thanks as our Executive Secretary for making everyone's job easier.

Secretary

MEDIATIONS COMMITTEE

In 1970 your Mediations Committee handled 116 written complaints from Metro residents. This does not include the many telephone enquiries dealt with by your clerical staff at the Academy office.

The first six months of 1971 indicate a 50% increase in complaints over 1970, perhaps a sign of the growing encouragement of the public by newspapers and radio stations to voice their problems.

In light of these discouraging figures, I refer you all to Dr. Pownall's frequent suggestions in the O.D.A. Journal. You are also strongly recommended to read and digest the "Guidelines for Use of the Fee Schedule" as listed on Page 9-B-2 of the new O.D.A. Fee Schedule.

In closing I should like to say thank you to the Mediations Committees of Toronto's local Societies who do the bulk of the work and seldom receive acknowledgement.

H. A. FERGUSON,
*General Chairman,
Mediations Committee.*

AUXILIARY SERVICES

The S.H.O.U.T. project has been officially taken over by the University of Toronto Faculty of Dentistry, making further involvement of the Academy unnecessary.

S.H.O.U.T. has been a complete success and the Academy should be proud to have been a major influence in its initiation.

Liaison with the Dental Auxiliaries has been minimal, however the mechanism has been established through which the Dental Assistants and Dental Hygienists have contact with the Dental profession should they request it.

R. L. MORAN,
Chairman.

REFEREE BOARD ON DENTAL CARE

The Ladies' Auxiliary of The Toronto Academy of Dentistry again raised funds in 1970-71 to provide dental treatment for certain young patients who failed to qualify for financial aid from other organizations or government sponsored assistance plans.

Treatment was provided at the Ontario Crippled Children's Centre for one young girl suffering Idiopathic Scoliosis (curvature of the spine) who had just undergone a spinal fusion. She is one of a family of fourteen children whose father was permanently disabled in an industrial accident. Dr. R. L. Moran, Director of Dentistry for the Society, believed that her total rehabilitation would be incomplete without essential dental treatment. This was rendered, at cost, by Dr. Moran. The Ontario Society for Crippled Children and Dr. Moran are deserving of our thanks for their good work in such cases.

Under a new arrangement with the Dental Clinic of the Out-Patients' Department of New Mount Sinai Hospital, treatment was provided for four other young patients. A major problem presented by all these young people is the need for almost complete oral rehabilitation. Their dental health is, routinely, deplorable. The staff of the Dental Clinic at New Mount Sinai are generously helping to make the funds, made available by the Ladies Auxiliary, provide more treatment at less cost than can be obtained in private dental offices.

The members of the Ladies' Auxiliary are to be complimented for their excellent efforts to provide the necessary funds for their worthwhile endeavour.

Members of the Academy are urged to continue their support of the Ladies Auxiliary fund raising programs by donating to the scrap amalgam collection and by attending the delightful social evening and theatre party.

JOHN L. STORMS, *Chairman*
Referee Board

EMERGENCY SERVICE

The Academy of Dentistry again sponsored the Emergency Dental Service for all of Metropolitan Toronto. This Service provides emergency care after normal business hours, and on week ends and public holidays.

We would like to thank those members of the Academy who volunteered their services, and made the past year so successful.

A special word of thanks to Mrs. Durham, the Executive Secretary, who made the Chairman's task very easy.

UNITED APPEAL REPORT — 1970

Chairman Roel Wyman
Vice-Chairman Sheldon Rose

As Chairman of the United Appeal of Metropolitan Toronto's 1970 Campaign (Dental Division), it is my pleasure to thank the many, many workers who spent so much time and effort on the Community's behalf.

Their endeavours were responsible for raising our total amount received to \$39,020 from \$37,915 last year. There are, though, some additional figures which should be soberly reviewed. In the last five years, our annual total has increased by almost \$6,000. This has resulted from the rise in the "average gift per contributor" from \$45 in 1966 to \$53 in 1970. During the same period, however, the percent participation dropped from 82.3% to an alarming 76.3%. The true increase, therefore, has not been nearly as satisfactory as it might have been.

With this history and with the needs of today in mind, Dr. Sheldon Rose has taken on the job of chairing this year's campaign. His experience as a Captain and as my Deputy Chairman in 1970 has enabled him to assemble an eager and dedicated team of workers. Receive them generously when they call on you for your support.

I would like to name my division Captains for particular thanks, and wish that I also had space to list their 82 workers and 955 donors.

They were:

J. Ackerman	R. Greenbaum	R. Pick
G. Baker	I. Gudofsky	R. Rodney
J. Becker	S. Kendal	S. Ross
M. Brown	M. Kopel	A. Segal
M. Cooper	K. Kucher	L. Sirota
N. Freudmann	R. Lubin	R. Traub
E. Friedberg	P. Moscoe	B. Twible
M. Gelfand	R. McKegney	A. Winnick
S. Goldman	J. Pancer	

Thank you Doctors!
ROEL WYMAN, D.D.S.,
United Appeal for Metro Toronto,
Chairman Dental Division (1970)

DENTAL ASSISTANTS' COURSE REPORT

The year 1970-1971 saw the completion of the 11th continuous year and the end of the Toronto Academy sponsored Dental Assistants' Evening Course at Ryerson Polytechnical School.

Seeing as this was the last year scheduled, a record number of applicants registered and there were 75 successful graduates.

The graduation ceremony was held in the Great Hall of Hart House. Dr. N. Diefenbacher, president of the Royal College of Dental Surgeons, assisted by course co-ordinator Mrs. Frances Smith, presented the diplomas.

Other head table guests were Dr. G. Poyton, Associate dean, University of Toronto, Faculty of Dentistry; Dr. W. McColeman, president, Academy of Dentistry; Miss Mary Scarratt, Toronto D. N. & A. A.; and Miss Margaret Deichert, Ontario D. N. & A. A.

Each year two cash awards are presented by the Academy, and this years recipients were Miss Katherine Deporte and Miss Sandy Lublin who graduated at the top of the class.

The organization of this course eleven years ago was to introduce dental assisting to girls interested in this career as well as for girls already working in dental offices who were interested in continuing their education. Successful applicants received a diploma.

The community colleges have now taken over the training of dental assistants in day courses. The day course, however, eliminates the opportunity for those girls working in offices who want to continue their education. Therefore, unless the community colleges institute an evening course, the Academy may have to re-introduce an evening course for the continuing education of the present dental assistants.

The Academy would like to express its appreciation to all the lecturers for their time, consideration, and co-operation in helping to make this years course a success.

I would personally like to thank Mrs. E. Durham the Academy secretary and Mrs. Frances Smith the course co-ordinator for their invaluable assistance in organizing this course.

Respectfully submitted,

RONALD S. ANCO, B.Sc. Phm. D.D.S.
Chairman, Dental Assistants' Course

AIMS OF THE LADIES' AUXILIARY

Dear Member of the Toronto Academy of Dentistry:

Is your wife a member of the Ladies' Auxiliary to the Academy? If the answer is "yes", we are delighted, and please tell her that she can look forward to a busy, stimulating program for 1971-72.

If the answer is "no", will you please tell her about us?

According to our Constitution, *the objects of the Auxiliary are:*

1. To cultivate a cordial spirit of friendship in the Dental Profession.
2. To give every possible assistance to the Academy of Dentistry.
3. To assist, primarily, social services projects in Dentistry, and further, to assist in other emergency social service work which may be decided upon by the members.
4. To raise funds for any of the foregoing purposes.

Who May Belong to the Auxiliary? — Any woman related to a member of the Dental Profession. (So we are a rather special group!) So not only your wife, but a sister, mother or daughter would be very welcome.

How Does She go About Joining? — By contacting our membership convenor:

Mrs. E. R. W. Bilkey
5 Sifton Court
Willowdale
(225-9814)

or myself:

Mrs. D. M. McKee
22 Hillhurst Blvd.
Toronto 12
(483-7655)

I do hope we will hear from her very soon, or see her at our Membership Tea on September 15th at Ontario Place.

Yours sincerely,
MEGAN MCKEE,
President — Ladies' Auxiliary

5. Members may be elected to Honorary Life Membership for meritorious service to the Dental Profession, or the Academy of Dentistry, Toronto, by unanimous vote of Council.

Any member of the Dental Profession who has completed fifty years of practice may be elected an Honorary Member of the Academy, by unanimous favourable vote of Council.

6. Dental students of any Dental Faculty in the Province of Ontario may be granted Student Membership.

Article IV — Officers

1. The officers shall be President, Past President, President-Elect, Secretary and Treasurer, to be elected as hereinafter provided. The duties of this Executive Council shall be those generally assigned to such officers.
2. The Council shall consist of the Executive Council and two Councillors elected at large from each Component Society. All officers are to be elected as hereinafter provided, for a period of one year.
3. Any vacancy in the Executive Council shall be filled by the Council from amongst its members. Any vacancy amongst the Councillors shall be filled at once at the discretion of the Component Society to which that Councillor belongs.

Article V — Committees and Duties

1. The duties of the Council shall be to arrange the program of meetings; to conduct the business of the Academy and to report at the general meetings.
2. The President shall appoint Council members as chairmen of Academy Committees, whenever possible.

Article VI — Meetings

1. Meetings shall be held at the discretion of the Council.
2. Any physician or dentist who does not practice in Ontario may attend meetings of the Academy as a guest of a member.

Article VII — Finance

1. The annual dues in the form of a grant from the Metropolitan Toronto Component Societies shall be established through negotiations between the Executives of the four Societies and the Executive Council of the Academy of Dentistry.
2. The financial year shall be from the First of January in each year to the Thirty-first of December of the same year.
3. A Chartered Accountant shall be appointed by the Executive Council annually, to audit the Treasurer's books before they are passed on to his successor.
4. An audited financial statement for the year ending December Thirty-first shall be made available to each member of the Academy in the subsequent Academy Year Book.

Article VIII — Study Groups

1. Groups may be accepted when a sufficient number of members make application to the Council.
2. These groups must open their membership to all members in good standing of the Academy of Dentistry, Toronto.
3. A constitution and a list of officers must be presented to the Council before acceptance will be considered.

Article IX — Electoral Districts

Electoral Districts shall be the same as those drawn up by the Ontario Dental Association for the Component Societies of Metropolitan Toronto.

Article X — Elections

1. A Nomination Committee consisting of the President, President-Elect and Past President of the Academy shall present by January 15th, an official slate of officers for the Executive Council.
2. Not later than the twentieth of January in each year, the Secretary shall send to each Member of the Academy:
 - (a) A list of members eligible for election; arranged according to electoral districts.
 - (b) A list of the offices to be filled.
 - (c) The official slate of the Nominating Committee for the Executive Council.
 - (d) A blank nominating paper and nomination envelope.

3. Each member, with the written consent of the nominee may nominate one member for the office of Treasurer and two representatives from his Component Society as Councillors. No member shall be nominated for more than one office. Those nominated for the position of Treasurer must have at least two years previous experience on the Academy Council.
4. The nomination papers must reach the Secretary not later than the first of February, in an envelope marked on the outside, "Nomination Paper".
5. The Academy Council, will elect from its council members, the President-Elect and Secretary.
6. Within three days the Secretary shall place all Nomination Papers received, still sealed, in the hands of the Election Committee comprised of three members appointed by the Council.
7. The Election Committee of the Academy of Dentistry shall open the envelopes and make a list of those nominated. This Committee shall insure that at least two members are nominated by each Component Society by informing the Executive of each Component Society if insufficient nominations have been received. Within five days they shall send to the Secretary a list of all nominations.
8. Not later than the twenty-second of February, the Secretary shall send to each member a ballot containing the names of those nominated for Treasurer, and a separate ballot for Councillors in his district. The election shall be carried out according to regulations laid down by the Academy Council, providing for secrecy of ballot and limitation to Members only.
9. The voter shall mark his choice on the ballot for the office of Treasurer, and Councillors for his District.
10. Ballots shall be returned to the Secretary not later than the first of March.
11. Within three days the Secretary shall send the ballots to the Election Committee.
12. The Election Committee shall notify the Council of the results of the election within three days of receiving the ballots.
13. The newly elected Council shall take office on the first of April succeeding the election.

Article XI — Changes

1. This Constitution may be altered at any General Meeting by a two thirds vote of those present and voting, if the proposed change has been included in the notice of the meeting.
2. If a change in the Constitution is to be considered, notification of the change must be mailed to all members at least two weeks before that meeting.
